DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1-4 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 1, last line, the applicant refers to opposite outermost layers of the corrugating medium, however, there the claim fails to recite this layer as having multiple layers. In lines 2 and 3, only the outer and inner paperboards are recited as containing not less than three layers, not the corrugating medium. The insertion of "and corrugating medium" after the last occurrence of "paperboard in line 2 would overcome this rejection. The same issue applies to claim 3 also.

Claim Rejections - 35 USC § 102

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

4. Claims 1-4 are rejected under 35 U.S.C. 102(b) as being anticipated by either JP 11-001283 or JP 09-235205 cited by the applicant.

As indicated on the PCT search report both of these references are cited as X-references and teach a corrugated board formed of an outer liner, corrugated layer and

inner liner wherein each layer contains three layers treated with the recited fungus proofing or antibacterial materials. See paragraphs [0003], [0004], [0007]-[0010], [0017], [0018], [0027] and [0028] in the translation of JP '283. See paragraphs [0011]-[0026] in the translation of JP '205.
